Subject Index

In general, subject headings are based on the National Library of Medicine's Medical Subject Headings (MeSH). A few additional headings are used for greater specificity in the psychiatric field.

Academic medical centers. See State-university collaboration

Achievement awards

Community mental health centers: success or failure? (taking issue), May 431

Gold Award: Compassionate mental health care for persons with HIV and AIDS: Grady HIV/AIDS Mental Health Program, Grady Health System Infectious Disease Program and the Department of Psychiatry and Behavioral Sciences, Emory University School of Medicine, Atlanta, Oct 1061-1064

The 1995 Achievement Award winners, Oct 1062

Significant Achievement Award: A continuum of care for persons with serious mental illness and a training program for public-sector psychiatry—Mental Health Connections, Dallas County Mental Health and Mental Retardation Center and Department of Psychiatry, University of Texas Southwestern Medical Center, Dallas, Oct 1067-1068

Significant Achievement Award: Employing consumers to enhance case management services—Older Adult Case Aide Training Program, Department of Psychiatry, Louisiana State University Medical Center, and the State of Louisiana Office of Mental Health, New Orleans, Oct 1065-1066

Significant Achievement Award: Employment in the community for serious and persistently mentally ill persons—Rainbow Recycling, St Vincent's North Richmond Community Mental Health Center, Staten Island, New York, Oct 1066-1067

Acquired immune deficiency syndrome (AIDS)

An AIDS training program for rural mental health providers, Jan 79-81

The Charles Bonnet syndrome: a brief review and case report (unusual case report), Mar 289-291

Compassionate mental health care for persons with HIV and AIDS, Oct 1061-1064

HIV-related cases among 2,094 admissions to a psychiatric hospital, Feb 131-135

Predictors of high and low levels of HIV risk behavior among adults with chronic mental illness, Aug 813-818

Reliability of sexual risk behavior interviews on an alcohol rehabilitation unit (alcohol & drug abuse), Feb 115-117

Use of a brief behavioral skills intervention to prevent HIV infection among chronic mentally ill adults, Mar 275-280

Adolescents. See Child psychiatry, adolescent psychiatry

Advance directives

Treatment refusal by an elderly man suffering intensely from treatment-resistant depression (unusual case report), Feb 181-183

Affective disorders

Americans' misperceptions about mental illness and manic-depression persist, new survey shows, Nov 1204

A computer program using cognitive therapy to treat depressed patients (clinical computing), Dec 1223-1225

Depression and anxiety disorder among older male inmates at a federal correctional facility, Apr 399-401

Depression screening (letter), Feb 186-187

Dysthymia: respect for the long-suffering (taking issue), Jan 5

Effects of Medicare's prospective payment system on service use by depressed elderly inpatients, Nov 1178-1184

Functional capabilities of depressed patients one year after hospitalization, Nov 1187-1188

The geriatric syndrome of late-life depression, Jan 43-48

A grain of sand (personal accounts), June 541-542

Highlights of the 46th Institute on Hospital and Community Psychiatry (special report), Jan 23-28

Informational needs of patients hospitalized for bipolar disorder, Nov 1191-1194

National depression screening day drew big attendance in '94, Mar 302

Nefazodone: a novel antidepressant (psychopharmacology), Nov 1113-1114

Prevalence and symptoms at onset of bipolar illness among adolescent inpatients, Apr 402-404

Race and psychiatric illness (letter), July 731

Training health professionals in the recognition and treatment of depression, June 616-618

Treatment of bipolar depression (psychopharmacology), Mar 229-230

Treatment refusal by an elderly man suffering intensely from treatment-resistant depression (unusual case report), Feb 181-183

Aftercare

Postdischarge follow-up of psychiatric inpatients and readmission in an HMO setting, Sept 943-945

Stay in residential facilities and mental health care as predictors of readmission for patients with substance use disorders, Jan 66-72

Age factors

Age as a factor in identifying young adult chronic patients who are difficult to treat, Apr 404-406

Aggression. See Violence, aggression

Alcohol abuse, treatment. Also see Comorbidity; and Substance abuse, treatment
Identifying anxiety disorders in adolescents hospitalized for alcohol abuse or dependence, June 618-620

Nicotine addiction counseling for chemically dependent patients, Sept 945-947
 Reliability of sexual risk behavior interviews on an alcohol rehabilitation unit (alcohol & drug abuse), Feb 115-117

American Psychiatric Association

APA-commissioned study estimates mental health, drug capitation rates under varying scenarios, Sept 960-961
 APA position statement stresses importance of medical psychotherapy, Sept 961-962
 APA seeks psychiatrists, other professionals for field trials assessing reliability of DSM-IV, Jan 94
 Awards presented to more than 40 individuals, organizations during 148th APA annual meeting, June 632-634
 Harold Eist chosen president-elect by APA members; Dr England assumes presidency, May 523
 New APA position statement urges actions to reduce high rates of nicotine dependence, Feb 194-195
 Practice guidelines on treatment of substance abuse, psychiatric evaluation published by APA, Nov 1202
 Psychiatrists' patients (datapoints), Sept 873
 A survey of psychiatrists with APA certification in administrative psychiatry, Dec 1278-1283

Anger

The relationship between nurses' limit-setting styles and anger in psychiatric inpatients, June 609-613

Antidepressive agents

Nefazodone: a novel antidepressant (psychopharmacology), Nov 1113-1114
 Treatment of bipolar depression (psychopharmacology), Mar 229-230

Antipsychotic agents. Also see Psychotropic drugs

Postdischarge medication compliance of inpatients converted from an oral to a depot neuroleptic regimen, Oct 1049-1054
 Use of OBRA-87 guidelines for prescribing neuroleptics in a VA nursing home (best practices), Feb 119-121

Anxiety disorders

Anxiety disorders among patients in a general emergency service in Israel, May 488-492
 Assessing and treating anxiety in elderly persons, Jan 36-42
 Depression and anxiety disorder among older male inmates at a federal correctional facility, Apr 399-401
 Diagnosis and management of memory loss and cognitive disorders among elderly persons, Jan 29-35
 Highlights of the 46th Institute on Hospital and Community Psychiatry (special report), Jan 23-28
 Identifying anxiety disorders in adolescents hospitalized for alcohol abuse or dependence, June 618-620
 Isolated sleep paralysis (letter), Mar 291

National screening day for anxiety disorders scheduled on May 3, Feb 195
 Obsessive-compulsive disorder: a supportive group for family members, Feb 206
 Obsessive Compulsive Foundation launches educational campaign, July 739-740
 Survey shows Americans underestimate impact of panic disorder and effectiveness of treatment, Oct 1089-1090
 Treatment of coexisting substance dependence and posttraumatic stress disorder, July 729-730

Attention-deficit hyperactivity disorder

Attention-deficit hyperactivity disorder and comorbid substance use disorders in adults (alcohol & drug abuse), Aug 761-763, 765

Assaults. See Violence, aggression

Attitude of health personnel

The bag lady's reality (personal accounts), Apr 337-338. Also see Consumer vs patient (letter, reply), July 732
 A comparative analysis of family caregivers' perceived relationships with mental health professionals, May 477-482
 Dilemmas in professional collaboration with consumers (occupational therapy update), May 443-445
 The politics of diagnostic identity (personal accounts), Oct 1013-1014
 Staff attitudes toward family involvement in residential treatment centers for children, Jan 60-65

Audiovisuals reviews. See Reviews, audiovisuals

Behavior modification

Use of a token economy with seriously mentally ill patients: criticisms and misconceptions, Dec 1258-1263

Benzodiazepines

Medical services use by patients before and after detoxification from benzodiazepine dependence, Feb 157-160

Book reviews. See Reviews, books

Britain, National Health Service

Lessons for US managed care from the British National Health Service, I: "the vision thing" (managed care), Oct 993-994

Business information for readers

July 648, Aug 754, Sept 858, Oct 978, Nov 1106, Dec 1218

Calendar

Jan 6, Feb 118,122, Mar 231,300, Apr 316,332, May 452,462, June 565-566, July 649,655, Aug 760, Sept 866,890, Oct 988,992, Nov 1112,1126, Dec 1222,1236

Capitation fees. Also see Managed care
 APA-commissioned study estimates mental health, drug capitation rates under varying scenarios, Sept 960-961
 Setting capitation rates for comprehensive care of persons with disabling mental illness (economic grand rounds), Feb 127-129

Caregivers. Also see Family

A comparative analysis of family caregivers' perceived relationships with mental health professionals, May 477-482
 Effect of demographic and behavioral variables on burden of caregivers of chronic mentally ill persons, Feb 141-145. Also see Caregiver burden (letter, reply), Aug 836

Case management, community-based

Assertive community treatment: an update of randomized trials, July 669-675
 Clozapine and recidivism (letter), Oct 1079
 Consumers as peer specialists on intensive case management teams: impact on client outcomes, Oct 1037-1044
 Dissemination of assertive community treatment programs, July 676-678
 Employing consumers to enhance case management services, Oct 1065-1066
 Estimated societal costs of assertive community mental health care, Sept 898-906
 Evaluating use of continuous treatment teams for persons with mental illness and substance abuse, July 689-695
 Implementing assertive community treatment teams, July 679-683
 Modifying the PACT model: preserving critical elements, June 601-604
 Modifying the PACT model to serve homeless persons with severe mental illness, July 684-688
 A multisite study of client outcomes in assertive community treatment, July 696-701
 Service utilization and costs of care for severely mentally ill clients in an intensive case management program, Apr 365-371
 Special section on assertive community treatment: an introduction, July 667-668
 Therapeutic alliance and outcome in a VA intensive case management program, July 719-721
 The value of case management for a consumer (personal accounts), Dec 1231-1232
 Two-year outcome of team-based intensive case management for patients with schizophrenia, Dec 1263-1266

Case management, insurance or third-party. See Managed care programs

Certification

A survey of psychiatrists with APA certification in administrative psychiatry, Dec 1278-1283

Child psychiatry, adolescent psychiatry

GAO study examines factors behind rapid increase in SSI disability awards to children, Jan 93-94
 Identifying anxiety disorders in adolescents hospitalized for alcohol abuse or depen-

dence, June 618-620
 National commission, Congress urge tighter SSI eligibility criteria for disabled children, Dec 1303-1304
 Parent orientation meetings to improve attendance and access at a child psychiatric clinic, Aug 831-833
 Prevalence and symptoms at onset of bipolar illness among adolescent inpatients, Apr 402-404
 Psychiatric morbidity and family burden among parents of disabled children, Sept 940-942
 Psychopathology among children placed in family foster care, Sept 906-910
 Psychosocial functioning of severely disturbed adolescents after short-term hospitalization, Mar 287-289
 Research funding for child and adolescent mental disorders falls well below goals in national plan, Apr 418
 Staff attitudes toward family involvement in residential treatment centers for children, Jan 60-65
 Suicide contagion among adolescents during acute psychiatric hospitalization, Sept 915-918
 Trends in research on temperament (psychology update), July 661-663
 Who cares? Pathways to psychiatric care for young people experiencing a first episode of psychosis, Nov 1166-1171

Chronic patients. Also see Case management, community-based; Comorbidity; and Schizophrenia

Adaptive coping among family members of persons with serious mental illness, Nov 1156-1160
 Age as a factor in identifying young adult chronic patients who are difficult to treat, Apr 404-406
 Assertive community treatment: an update of randomized trials, July 669-675
 "Boundary busting" and the mentally ill homeless population (the chronic patient), Sept 875-876, 889
 A comparative analysis of family caregivers' perceived relationships with mental health professionals, May 477-482
 A continuum of care for persons with serious mental illness and a training program for public-sector psychiatry, Oct 1067-1068
 Development of an integrated clinical database system for a regional mental health service, Aug 826-828
 Dissemination of assertive community treatment programs, July 676-678
 Effect of demographic and behavioral variables on burden of caregivers of chronic mentally ill persons, Feb 141-145. Also see Caregiver burden (letter, reply), Aug 836
 Effects of homelessness on the quality of life of persons with severe mental illness, Sept 922-926
 Effects of parental involvement on the functioning of noninstitutionalized adults with schizophrenia, Nov 1149-1155
 Employment in the community for seriously and persistently mentally ill persons, Oct 1066-1067
 Estimated societal costs of assertive community mental health care, Sept 898-906
 Evaluating the Johnson Foundation program

on chronic mental illness: an interview with Howard Goldman, May 501-503
 Evaluating use of continuous treatment teams for persons with mental illness and substance abuse, July 689-695
 The eye of the beholder: housing preferences of inpatients and their treatment teams, Feb 173-176. Also see Housing options for patients (letter), Sept 951-952
 Identifying early dropouts from a rehabilitation program for psychiatric outpatients, Oct 1076-1078
 Impact of a managed mental health program on Medicaid recipients with severe mental illness (state health care reform), Sept 885-889
 Implementing assertive community treatment teams, July 679-683
 Long-term course of substance use disorders among patients with severe mental illness, Mar 248-251
 Long-term outcome of state hospital patients discharged into structured community residential settings, Jan 73-78
 Maintenance electroconvulsive therapy for chronic mentally ill patients: a case series, Mar 265-268
 Managed care: I. delimiting the concept (the chronic patient), Dec 1229-1230, 1232
 Mental health service use among homeless and never-homeless men with schizophrenia, Nov 1139-1143
 Modifying the PACT model to serve homeless persons with severe mental illness, July 684-688
 A multisite study of client outcomes in assertive community treatment, July 696-701
 NAMI outlines national standards for protecting research subjects with serious mental illness, Apr 419-420
 The needs and resources assessment interview for severely mentally ill adults, May 504-505
 Parity is not enough (taking issue), Mar 211
 Partnerships for people with serious mental illness who live below the poverty line, Oct 1071-1073
 Perspectives on chronicity (personal accounts), Jan 13-14
 Predictors of high and low levels of HIV risk behavior among adults with chronic mental illness, Aug 813-818
 Preliminary results from a psychoeducational program to rehabilitate chronic patients, Nov 1189-1191
 Projections of housing disruption among adults with mental illness who live with aging parents, Apr 390-394
 Psychiatric symptoms and work performance among persons with severe mental illness, May 508-510
 Psychiatrists are physicians (taking issue), Feb 105
 Quality of life and clinical predictors of rehospitalization of persons with severe mental illness, Nov 1161-1165
 Recurring themes and a tribute (the chronic patient), June 553-554, 557
 Relating functional skills of severely mentally ill clients to subjective and societal benefits, Mar 260-265
 Relationships between psychiatric symptomatology, work skills, and future vocational performance, Apr 353-358

A review of studies of heavy users of psychiatric services, Dec 1247-1253
 Service utilization and costs of care for severely mentally ill clients in an intensive case management program, Apr 365-371
 Setting capitation rates for comprehensive care of persons with disabling mental illness (economic grand rounds), Feb 127-129
 Special section on assertive community treatment: an introduction, July 667-668
 A state management planning system for addressing high levels of use of inpatient psychiatric services, Mar 238-242
 Structure: the unspoken word in community treatment (taking issue), July 647
 A survey of an organization for families of patients with serious mental illness in the Netherlands, Aug 807-813
 A survey of new long-stay hospital patients in an Irish health board area, Apr 394-398
 Use of a brief behavioral skills intervention to prevent HIV infection among chronic mentally ill adults, Mar 275-280
 Use of a token economy with seriously mentally ill patients: criticisms and misconceptions, Dec 1258-1263
 Use of state hospital staff to provide training for staff of community residential facilities, May 506-508

Clozapine

Clozapine in aggression (letter), Feb 187
 Clozapine treatment in Russia: a review of clinical research, Mar 256-259
 Clozapine and recidivism (letter), Oct 1079
 Effects of stringent criteria on eligibility for clozapine among public mental health clients, Aug 801-806
 18-month outcome of clozapine treatment for 100 patients in a state psychiatric hospital, Apr 386-389
 Pharmaceuticals and politics (taking issue), Sept 857

Cognitive disorders

Diagnosis and management of memory loss and cognitive disorders among elderly persons, Jan 29-35

Cognitive therapy

A computer program using cognitive therapy to treat depressed patients (clinical computing), Dec 1223-1225

Commitment, involuntary

Civil commitment and liability for violating patients' rights (law & psychiatry), Jan 17-18
 Clinical decision making during assessment for involuntary psychiatric admission, July 727-728
 A national survey of the use of outpatient commitment, Aug 778-784. Also see Outpatient commitment (letter, reply), Dec 1291
 New directions in research on involuntary outpatient commitment, Apr 381-385
 Violence and mental illness (letter, reply), Apr 406-408
 Who will pay for involuntary civil commit-

ment under capitated managed care? An emerging dilemma, Oct 1045-1048

Communication

Contact between psychotherapists and psychiatric residents who provide medication backup, Aug 774-777

Cost-effective communication skills training for state hospital employees, Aug 819-822

Psychiatric kibitzing (economic grand rounds), Aug 764-765

Community mental health centers, services. Also see Case management, community-based

Assertive community treatment: an update of randomized trials, July 669-675

Community mental health centers: success or failure? (taking issue), May 431

Dissemination of assertive community treatment programs, July 676-678

Evaluating use of continuous treatment teams for persons with mental illness and substance abuse, July 689-695

The first 18 months of mental health reform in Kansas, June 580-585

Implementing assertive community treatment teams, July 679-683

Modifying the PACT model to serve homeless persons with severe mental illness, July 684-688

A multisite study of client outcomes in assertive community treatment, July 696-701

New York State's Community Mental Health Reinvestment Act, May 496-500

A qualitative approach to assessing the effects of system change on consumers, families, and providers, June 575-579

Special section on assertive community treatment: an introduction, July 667-668

State-university collaboration awards, Nov 1185-1186

Structure: the unspoken word in community treatment (taking issue), July 647

A survey of utilization of psychiatrists in community mental health centers in Iowa, Jan 81-83

Testing the limits of deinstitutionalization, June 569-574. Also see Deinstitutionalization (letter), Oct 1078-1079

Therapeutic alliance and outcome in a VA intensive case management program, July 719-721

A 12-step recovery program for community psychiatrists (taking issue), Apr 313

Comorbidity

Attention-deficit hyperactivity disorder and comorbid substance use disorders in adults (alcohol & drug abuse), Aug 761-763, 765

A collaborative approach to reduce hospitalization of developmentally disabled clients with mental illness, Mar 243-247

Comorbidity of dissociative disorders among patients with substance use disorders, Feb 153-156

Evaluating changes in symptoms and functioning of dually diagnosed clients in specialized treatment, Mar 233-238

Evaluating use of continuous treatment teams for persons with mental illness and substance abuse, July 689-695

Identifying anxiety disorders in adolescents hospitalized for alcohol abuse or dependence, June 618-620

Long-term course of substance use disorders among patients with severe mental illness, Mar 248-251

Mental illness and substance abuse among sheltered homeless persons in lower-density population areas, June 592-595

Six cases of patients with mental retardation who have antisocial personality disorder, Aug 828-831

Structure: the unspoken word in community treatment (taking issue), July 647

Treatment of coexisting substance dependence and posttraumatic stress disorder, July 729-730

Computers.

Also see Information systems
Building an empirically based outcomes information system for managed mental health care (best practices), May 459-461

A computer-based model for analyzing staffing needs of psychiatric treatment programs, Dec 1272-1278

A computer program using cognitive therapy to treat depressed patients (clinical computing), Dec 1223-1225

Computerized database makes information available on state mental health agency structure, services, May 524-525

Computers and psychiatry (clinical computing), Oct 989-991

The library as a resource for decision making in mental health care, May 493-495

Consumer advocacy. See Patient advocacy

Consumer organizations

Characteristics and service use of long-term members of self-help agencies for mental health clients, Mar 269-274

NAMI outlines national standards for protecting research subjects with serious mental illness, Apr 419-420

A survey of an organization for families of patients with serious mental illness in the Netherlands, Aug 807-813

Consumer participation

Characteristics and service use of long-term members of self-help agencies for mental health clients, Mar 269-274

Consumers as peer specialists on intensive case management teams: impact on client outcomes, Oct 1037-1044

Dilemmas in professional collaboration with consumers (occupational therapy update), May 443-445

Employing consumers to enhance case management services, Oct 1065-1066

The eye of the beholder: housing preferences of inpatients and their treatment teams, Feb 173-176. Also see Housing options for patients (letter), Sept 951-952

Highlights of the 46th Institute on Hospital and Community Psychiatry (special report), Jan 23-28

Methods of assessing mental health consum-

ers' preferences for housing and support services, Feb 169-172

New network promotes consumer involvement in managed care issues, Nov 1204

A qualitative approach to assessing the effects of system change on consumers, families, and providers, June 575-579

Consumer satisfaction

A comparative analysis of family caregivers' perceived relationships with mental health professionals, May 477-482

Consumer perceptions of pressure and force in psychiatric treatments, Feb 146-152

The eye of the beholder: housing preferences of inpatients and their treatment teams, Feb 173-176. Also see Housing options for patients (letter), Sept 951-952

Factors predicting patients' satisfaction with managed mental health care, July 722-723

Identifying issues important to patients on a hospital satisfaction questionnaire, Jan 83-85

Methods of assessing mental health consumers' preferences for housing and support services, Feb 169-172

The needs and resources assessment interview for severely mentally ill adults, May 504-505

Patients' satisfaction with state hospital care (ideas), Oct 1098

The value of case management for a consumer (personal accounts), Dec 1231-1232

Corrections and addenda

For Hillard JR, Predicting suicide, Mar 223-225, see corrected and republished article, Hughes DH, Can the clinician predict suicide? May 449-451

For Lazarus A, Opportunities for psychiatrists in managed care organizations, Dec 1206-1210, 1994, see Correction (column heading in table), Feb 156
